There might be instances where teachers will video record the classroom discussions so that their students (and parents) in the class can have access to them for playback at a later time.

Smartphones, Smartwatches, and Other Electronics

Elementary students

Elementary students who bring smartphones to school must leave them powered off in their backpacks while on campus. Smartphones may not be out of backpacks during school hours or while attending Extended Day.

Students may not bring other electronics to school, including games, radios, walkie-talkies, etc. unless permitted during exceptional activities.

Middle School Students

Middle School students do not need to bring a smartphone to school. In the case of illness, or other difficulty, students will be allowed (at an appropriate time) to use the school phone to call their parents.

If middle school students choose to bring their smartphones to school, students may use smartphones with teacher approval only. Whenever smartphone use is permitted, students may not use them in any way that is harassing or disruptive to the educational environment, including making threats, using the camera to take inappropriate photos or to video record classes, to send text messages to other students in class, or in ways that would otherwise violate a school rule.

- ❖ Smartphones may not be used on campus before school begins or during the school day.
- ❖ Smartphones must be placed in the designated homeroom classroom space during school hours.
- ❖ Smartphones must be turned off.
- ❖ Smartphones may be retrieved at dismissal.
